

## Banking that believes in *you.*

It's more than a line.  
It's how we show up every day.

We believe in your journey, your goals, and the moments in between. The big milestones, the quiet wins, and everything you're working toward next. This is about more than banking. It's about having someone in your corner. Someone who knows where you've been, understands where you're going, and is ready to help you get there.

We've been part of this community for generations. We've seen neighbors grow into homeowners, ideas turn into thriving businesses, and families build something lasting over time. That's what we believe in. At Franklin Savings Bank, you're a neighbor. You're part of the community we serve and the future we're helping build.
